Ike Deals Romney Out Of Presidency

NEW YORK (AP)—The New York Times reports that former President Dwight D. Eisenhower has eliminated Michigan Gov. George Romney as a serious contender for the Republican presidential nomination.

The Times quoted an unnamed golfing partner Monday as saying that the 78-year-old general's disenchantment with Romney is

based on the governor's failure to take clear — cut stands on major issues—not on Romney's statement that he had been "brainwashed" on the Vietnam war.

"I think that statement was likely misinterpreted to mean something the governor did not intend to convey," Eisenhower said of Romney's "brainwash-

ing" comment.

"But since then he has been on so many sides of so many questions that one begins to wonder just where he does stand," he said. "He sounds like a man in a panic. And a man who panics is not the best candidate for president."

The former president is quoted in a Times story from Indio,

Calif., where he is spending the winter. It appeared Monday.

Though Eisenhower plans to attend the GOP convention in Miami if his health permits, he has been telling friends he does not plan to make any prior endorsements.

At the convention itself and during the campaign, he expects to play a minor role.

"Aside from doing what's expected of me at the convention I might make three or four speeches in support of a candidate that I can accept and support sincerely," he has said, "but I don't think I should go halfway across the country to give such talks."

Eisenhower reportedly confided to one friend recently that

a Rockefeller-Reagan ticket might be regarded as "a rather obvious political contrivance."

He professes to have an open mind about New York Gov. Nelson A. Rockefeller as a possible choice. But he said he believes that putting Gov. Ronald Reagan of California on a ticket headed by Rockefeller would be a mistake.

Eisenhower is quoted as having told a golfing partner that his major concern is coming up with a winning candidate—even if it means bypassing the best-qualified man.

"Even if I had the power to name the next Republican presidential nominee, I would not necessarily select the man I

thought best qualified to be president," he is quoted as saying.

"My reason for that is that no matter how well qualified I may think a man might be, he still has to get elected. And I would like to see the convention pick a man who can win over Johnson next November."

INDUSTRIAL PARK GAINED additional occupants in 1967. Northern Motor Builders, United Parcel Service, Wilbert Burial Vault, Buckbee products and others are now operating there, while the area north of the Dan-South Road has been deeded by the City of Escanaba to Bay de Noc Com-

munity College for a new campus. Sanitary sewer facilities are being extended there and more water main extensions are planned (Daily Press Photo)

Fear Bloodier War In Vietnam

By PETER ARNETT

SAIGON (AP)—The Vietnam war spiraled to new heights in 1967. A year of action from one end of the country to the other has left knowledgeable Americans concerned at the possibility of bigger and bloodier battles ahead.

Both sides claimed numerous victories this year. In the terms of reference both used, both were right.

American commanders tend to analyze Vietnam in terms of World War II. The Communists see the war in terms of the fight to oust the colonial French in the 1950s.

As this year ends, military tacticians cannot determine that even one decisive battle has been fought. At the demilitarized zone, both sides are bogged down in the mud and slush of the monsoon season. Hill 875 and the other headlined heights of Dak To are being taken over again by the jungle and avoided by both sides since the bloody battles of November.

Many persons see 1967 as a curtain-raiser to a military showdown in 1968. This year's developments tend to support this thinking.

Test Allied Tactics
The Communists put to a severe test the allied tactics of attrition espoused by Gen. William C. Westmoreland. At the DMZ U.S. Marine officers estimated that casualties taken by both sides were on a one-to-one basis all year long.

Optimism about an early end to the war is based partly on the huge total of enemy dead—more than 80,000 this year by allied reckoning. But the Communists continued to commit men in seemingly pointless battles right up to the year's end.

Killings of more than 100 enemy troops at a time were confirmed, particularly along the Cambodian border north of Saigon. An American brigade commander said: "Don't let us forget that the Viet Minh lost an estimated half a million dead in the struggle against the French. They are much better organized now, and they have lost nowhere near that number in this war."

The most experienced observers say that the Reds' firepower and willingness to sacrifice troops point to the most significant factor in 1967: An apparent Hanoi decision to launch a fight-to-the-finish struggle.

To this purpose the Communists are sending men and supplies openly down the Ho Chi Minh and Sihanouk trails into the South despite a fantastic bombing campaign. By December the United States had dropped more bombs on North and South Vietnam than it dumped on Europe in World War II—about 100 pounds of explosives.

By refusing to clear the northern end of the canal and reopen it to navigation, Nasser would still retain a bargaining lever to support his demands for Israeli withdrawal.

Romney Says Reds Winning 'Other War'

SAIGON (AP)—Presidential hopeful George Romney said today that "military victories are being won" by the United States and its allies in South Vietnam but the Communists are winning the so-called other war.

"Our military victories are being won without corresponding victories in the political, economic and social fields," Romney told a news conference at the end of a three-day visit.

Romney also criticized the proportion of the U.S. effort in South Vietnam, saying "there remains the problem of the United States tending to do too much of the job themselves."

The Michigan governor said again that he had been misled on his previous visit to South Vietnam more than two years ago but that he had gotten a more rounded view this time.

"I indicated very frankly that I was given a conducted tour last time and that this did mislead me," he said. He expressed anger over the criticism of his

statement in a television interview last Sept. 4 that U.S. military and diplomatic officials had "brainwashed" him on his previous visit.

Deals With Present
"That's past," he said. "I'm here to discuss the present and the future."

He added that he hoped the U.S. public is not going to hold the statement against him.

"I leave here with a basic grasp of the situation," Romney declared.

"By our yardsticks—the measurements of our military men—we're winning the military actions," he said. "There are actions outside the military field, and there the enemy are winning some substantial victories."

"We have no way of measuring the military victories from the standpoint of the enemy's objectives. I personally am not impressed with the body count methods of measuring success. "It's such a big and complex situation and so few people understand it."

Treated With Candor

Romney said he felt that "generally" he was treated with candor by U.S. military and diplomatic officials and by representatives of the South Vietnamese government, including President Nguyen Van Thieu and Premier Nguyen Van Loc.

He was asked about a report from Robert L. Pisor, the correspondent in South Vietnam of the Detroit News, that U.S. Marines stationed just outside Da Nang had been briefed on what to say to Romney the night before the governor visited them. Pisor reported that an enlisted man told him after Romney's visit: "We were talked to ahead of time. We were told what to say."

Prefer Ike's Note

Romney said he did not know that the Marines had been briefed before his arrival but added: "What we discussed there was not a particularly important aspect of the situation."

Romney also was asked about a report in The New York Times that former President Eisenhower has eliminated the Michigan governor as a serious contender for the Republican presidential nomination.

"I'd prefer to rely on what Gen. Eisenhower wrote me before I left," he replied. "In essence, he was pleased that I had announced as a candidate and he was also pleased that the Republicans would have an opportunity to choose."

Red Battalion Is Cut In Half

SAIGON (AP)—South Vietnamese soldiers and rocket-spewing American helicopters wiped out half of a Communist battalion Tuesday.

The Red force of less than 500 men left 203 bodies on the coastal battlefield just below the demilitarized zone and dragged off more dead and wounded when it slipped away during the night.

Fifteen South Vietnamese were killed, 59 were wounded, and the gunners of the crack 416th Viet Cong Battalion shot down two American helicopters and riddled several more.

Three U.S. helicopter crewmen and an American infantry adviser were wounded, along with one Australian adviser.

It was the first major battle after the 24-hour Christmas truce proclaimed by the South Vietnamese. The fighting began more than 12 hours before the end of the three-day cease-fire ordered by the Viet Cong.

The battle flared early Tuesday when a South Vietnamese battalion swept out on a search-and-destroy operation northeast of Quang Tri city. The South Vietnamese caught the Red force in the coastal flats and pinned it to the coast as a second government battalion was rushed up with armored vehicles to block the enemy's escape routes.

Artillery and jet planes pounded the Viet Cong, and then the helicopters whirled in with rockets and machine guns blazing. They were credited with a large part of the enemy casualties.

Heavy fire rained on the Viet Cong throughout the day and into the night, with flareships lighting the battlefield. By 1 a.m. today the enemy had evidently slipped out on the flanks, leaving 42 rifles and submachine guns and 10 heavier weapons in addition to the dead they could not carry away. Six prisoners were also taken, including one junior officer.

In the air war, U.S. pilots flew 150 missions over North Vietnam Tuesday, the largest number in five weeks.

Blue Shield Elects

DETROIT (AP)—Three physicians have been elected to one-year terms to fill vacancies on the Michigan Blue Shield board of directors. They are Dr. William B. Jensen Jr. of Grand Rapids, Dr. Harold W. Gehring of Royal Oak, and Dr. Eugene L. Reites of Detroit.

Paintings Stolen; Need New Joke

SOCORRO, N.M. (AP)—Members of the Art League in Socorro used to joke that they'd be flattered if anyone liked their paintings well enough to steal them.

League members now are looking for a new standing joke and two small oils painted by Gladys Newsome. A spokesman said the two paintings disappeared recently while on display at the Socorro Public Library.

Johnson Is Top Newsmaker

For the fourth straight year editors of Associated Press newspapers of the nation has chosen Lyndon B. Johnson the No. 1 newsmaker of the year.

Their choice for second spot was Maj. Gen. Moshe Dayan, hero of Israel's six day war with the Arabs.

Read about the editors' listings for Top 10 newsmakers of the year today on Page 4.

Death Takes Cyrus Ching

WASHINGTON (AP)—Cyrus S. Ching, who became the government's top labor-management mediator after a long career in industry, died today after a heart attack. He was 91.

A giant of a man, he was an impressive figure in the Washington scene both because of his accomplishments and the craggy appearance of his 6-foot, 7-inch frame.

Ching was 71 when President Harry S. Truman appointed him in 1947 to head the Federal Mediation and Conciliation Service, just being established as an independent agency under the Taft-Hartley Labor Act. In that post, he had a major part in settling some of the most serious strikes in the post-World War II period.

He is survived by his widow, Mildred, and a sister, Elsie Kidson of Prince Edward Island. Funeral services will be held at Naugatuck, Conn.

Growth, Optimism Keynote Year End

By CLINT DUNATHAN

A year of near-record growth and exceptional industrial promise — that in brief is the story of the Escanaba area in 1967.

As 1967 draws to a close, major employers in the area either have expansion projects announced or under way.

A significant factor in three of the big industrial development projects is the cooperation of local government in financing programs.

Financial Help
The City of Escanaba is assisting two industries — the Harnischfeger Corp. and the Chicago & North Western Railway — in their plans to finance expansions; and Cornell Township has signified its intention to sponsor industrial revenue bonds to aid the expansion of the Escanaba Division of Mead Corp.

Harnischfeger Corp. is expanding its truck crane plant with the assistance of funds loaned by the City from revenue received in the sale of the municipal gas distribution system. The city will be reimbursed, plus interest.

The Chicago & North Western Railway has announced plans and has begun work on the construction of a new iron ore terminal at Escanaba. The North Western estimates the cost at \$12.5 million and the city is cooperating by sponsoring industrial revenue bonds to aid the expansion of the Escanaba Division of Mead Corp.

Canoe Tips; Youth Drowns

DUNDEE (AP)—A 15-year-old Dundee youth apparently drowned Tuesday when a strong current on the rain-swelled River Raisin ripped off his life jacket and then pulled him away from an overturned canoe.

A companion was rescued.

Authorities began searching operations for the victim, Michael Perry. Dundee is located in Monroe County in southeastern Lower Michigan.

ing industrial revenue bonds to help defray the cost.

Cornell Township Board earlier this year adopted a resolution of intent to sponsor industrial revenue bonds to aid in financing the expansion of Mead Corp. operations.

The Cornell Board will meet next on Jan. 8 for formal action on the revenue bonding proposal.

Industrial Growth
Taxpayers and the public in general are not involved in the industrial revenue bond obligation; and in fact the people are protected against any obligation under such programs.

These industrial development projects, plus other progress in the commercial and industrial fields, brought the year to a close on an unusually high note of optimism. There was the general feeling that this was a good year and that 1968 will be better.

There was renewed growth in Escanaba's industrial park on the city's north side, with some new industries opening and others relocating there.

Egypt Agrees To Clear Ships

CAIRO (AP)—Egypt has finally agreed to clear the southern half of the Suez Canal and release 15 foreign ships trapped in the waterway, the semi-official newspaper Al Ahran indicated today.

Al Ahran, which often speaks for President Gamal Abdel Nasser, said Nasser's government "undertook an extensive study of the problem in all its aspects" and established that clearance of the southern part of the waterway was "feasible."

The paper said the government made the study in response to repeated requests from Poland, France and Britain, which have ships trapped in the canal, and from India.

Egypt turned down a similar request last September, insisting that no part of the canal could be cleared until Israeli troops withdrew from the east bank of the canal and other territories they occupied in the June war.

By refusing to clear the northern end of the canal and reopen it to navigation, Nasser would still retain a bargaining lever to support his demands for Israeli withdrawal.

GREY WATER OVERFLOWING the Snohomish River east of Everett, Wash., made Christmas a bleak day for low-land residents along the river. Authorities advised some

200 families to leave their homes as a precaution after warm rains and melting snow pushed area rivers past flood stage. (AP Wirephoto)

Tax Exemption Isn't Automatic

The State Department of Administration, administering the state senior citizens homestead tax exemption, cautions all senior citizens to be sure to file for tax exemption in January or February of 1968 for the 1968 tax exemption. The deadline for filing is the first week of March in nearly all of the state's local units of government.

Some senior citizens who filed in 1966 failed to file in 1967 because they were under the impression they need file only one time. They did not qualify for exemption on 1967 taxes.

The law states persons desiring to receive tax exemption are required to file each year in the proper period. They must file with the assessing officer in the local unit of government where their homestead is located. Responsibility for filing rests entirely with the senior citizen applicant. Assessing officers are not required by law to notify prospective applicants of the filing period, although many of them do.

There are seven eligibility requirements. Persons must be 65 years of age on Dec. 31, 1967 or prior to that date. Their gross income including gross income of joint owners may not exceed \$5,000 in 1967. They must own or be purchasing their homestead and must occupy the homestead on which the tax exemption is claimed. They cannot own real property exceeding \$10,000 state equalized value or \$20,000 cash value.

Under Michigan assessing laws, these figures are the same because assessments are supposed to be set at approximately 50 per cent of cash value. They must have been a resident of Michigan 5 out of the last 10 years having actually resided in Michigan 6 months of each 12 month period in those 5 years. They are also required to file an affidavit during the period between Dec. 31 and the first week of March every year.

The law exempts the allocated and voted ad valorem taxes on the first \$2,500 of state equalized value. This figure varies somewhat depending on how close to 50 per cent of cash value local assessments are set.

Interested persons should contact their local assessor or township supervisor. Those residing in villages collecting taxes should file both in the village and with the township supervisor. Inquiries may be directed to the State Department of Administration, Senior Citizens Tax Section, Lansing, Mich. 48913.

Stamp Vendors Need Changes

Nearly 10,000 postage vending machines, including those at the Escanaba Post Office, will be converted over the next three months to reflect the new postage rates, Postmaster James Pryal said today.

New postage rates go into effect Jan. 7 the postmaster noted. First class postage will be raised to 6-cents an ounce, air mail to 10-cents an ounce, and postal cards to 5-cents.

The job of converting the thousands of stamp vending machines in post office lobbies from coast to coast is so massive that it will take several months to complete, the postmaster said.

Most of the machines now provide 5-cent and 4-cent stamps for a nickel, quarter or dime. After the conversion, the machines will provide 5-cent and 6-cent stamps. A new model will offer 1-cent, 5-cent and 6-cent stamps.

The postmaster said that the vending machines in lobbies of post offices are not to be confused with commercial stamp vending devices found in many stores. Commercial machines provide a margin for profit and are not controlled by the Post Office Dept., he said.

"Post office vending machines can be a big convenience to postal patrons," Pryal said. "The devices permit mailers to ignore waiting lines at stamp sales windows or to buy stamps to mail letters after the windows have closed."

Mrs. Demund, 57, Escanaba Native, Dies In Lansing

Mrs. Charlotte Goldberg Demund died Dec. 25 in Lansing at the age of 57. She was born in Escanaba on Jan. 30, 1910, and had lived in Lansing for a number of years.

She had returned to Escanaba each summer to visit relatives here. The survivors include two sisters, Mrs. Chris Nelson of Escanaba and Miss Violet Goldberg of Lansing.

HONORING GUST ASP, Escanaba industrial developer and president of the Escanaba Foundation for almost 19 years on a Rotary Club honors day program at the House of Ludington Tuesday were, from left: Walter Lewke, manager of the Escanaba Chamber of Commerce; Asp, Paul Snyder, chairman of the program, and Jean Worth, one of the speakers. (Daily Press Photo)

Rotary Honors Foundation President

Gust Asp Thanked For Industrial Aid

Gust Asp, businessman and leader of the Escanaba Foundation, was recipient of a "thank you and a tribute" from the Rotary Club at its first honors day program held at the House of Ludington Tuesday noon.

"For the community and the Rotary Club we say 'Thank you very much,'" said Jean Worth of the club's public relations committee; and Paul Snyder, club program chairman, presented Asp with a plaque in recognition of his work for community betterment.

Joining in the tribute to Asp were Worth, Snyder, City Manager George Harvey, and Walter Lewke, manager of the Chamber of Commerce.

Harvey said the city administration was happy to share with the Rotary Club the pleasure of recognition for a man he said "has given complete cooperation of the Foundation in projects for the development of industry, to the benefit of the people of our city."

Praised By Lewke

The advice and counsel of Asp in helping solve problems confronting the Chamber of Commerce was noted by Lewke, who said:

NMU Grads Get Bigger Offers Of Starting Pay

MARQUETTE—Starting salaries for 1967 graduates of Northern Michigan University increased by more than six percent. The average for non-teaching graduates (business administration, liberal arts, and social services) was \$6,718, up 5.2 per cent over 1966.

Average salary for NMU graduates entering the teaching profession was reported as \$5,890, a jump of 7.6 per cent over last year's figure of \$5,470.

Highest reported salaries for the 810 members of the class of '67 were in the fields of business administration, chemistry, English, history, industrial education and psychology. One business administration major accepted a position for \$9,000 with a marketing firm. Graduates who majored in chemistry, history and psychology started at salaries of \$8,400, \$7,440, and \$7,200 respectively.

Sled Dogs To Run

THOMPSONVILLE (AP)—A 10-mile course is being readied at Crystal Mountain Lodge for the Great Lakes Sled Dog Association's dog sled racing event Jan. 6-7. Between 30 and 40 teams are expected to enter, according to Denny Johnson, general manager at Crystal Mountain.

Fear Bloodier War In Vietnam

(Continued From Page One)

plives for every man, woman and child in the two Vietnams.

The Communists have placed Westmoreland and his allies in what could well be a critical position in 1968.

Increased intensity in the conventional war has overshadowed the pacification program. Winning the hearts and minds of the population had to suffer while the allies stemmed Communist troops slipping into the Dak To hills and across the DMZ.

Enemy Aim

The commitment of allied troops to the borders and away from the people may have fulfilled an enemy aim. If this was the plan, it succeeded to a large degree in the 1st Corps region, to a limited degree in the 2nd Corps.

These factors may shape 1968 into the war's climax:

—North Vietnam has matched the allied troop buildup almost battalion for battalion. With the U.S. troop commitment stabilizing, the Communists might try to open more fronts, battering at American units necessarily spread thin across the country.

—American casualties could rise even more than in the past year. Communist forces are being exhorted by their leaders to strike first at the Americans. Enemy weaponry will become more sophisticated.

—Pressure will continue to mount for allied troops to invade Laos and Cambodia, and possibly North Vietnam, particularly if infiltration continues at the present level.

—If the war gets larger, the confidence of the Vietnamese people in the Saigon government will be tested. Many observers expect antiwar sentiment to rise among the population.

New Members

"I know others are aware of his dedication to the community. He wouldn't let me give him public credit for this activity at the time, but I'm too far away from him for him to stop me from doing it now. Congratulations to the Rotary Club for recognizing such a deserving citizen."

Ralph Kazietek, Rotary Club president, added his congratulations to the honoree, and introduced to the club two new members: Edward Bruhns, manager of the Harnischfeger Corp. truck crane plant, and Alfred H. Trout, U. S. Hiawatha Forest supervisor.

Sundquist Cited For Crop Reports

In recognition of his 26 years of service as a local farm reporter for the Michigan Crop Reporting Service, Clarence Sundquist of 1900 14th Ave., N. recently received a certificate of appreciation from C. A. Hines, federal-state agricultural statistician for Michigan.

The certificate is signed by the Governor of Michigan, the chairman of the U. S. Department of Agriculture Crop Reporting Board, the Director of the Michigan Department of Agriculture, and Hines.

It expresses appreciation for continuous and faithful service to the program which keeps farmers and others informed as to agricultural conditions in Michigan so that production and marketing programs can be better planned.

Cities Keep Up Lake Pollution

By KENT D. ZIMMERMAN
Associated Press Writer

States bordering the five Great Lakes are striving to puncture predictions that the water will soon be too polluted for use by humans, but some cities continue to discharge the lakes with poorly treated sewage.

Ontario and states edging Lakes Erie, Michigan, Ontario, Superior and Huron have taken steps to regulate and reduce the flow of waste materials; government and industry are spending millions to combat the problem.

But some cities continue to dump inadequately treated sewage into the Great Lakes and even the federal government has admitted it is a prime offender.

A U.S. Army Corps of Engineer official admitted at a House subcommittee hearing in Washington in October that the agency was polluting Lake Michigan with harbor dredgings. He cited insufficient funds as the problem and testified that pollution from the dredging was small in comparison to other pollutants.

In April the Corps of Engineers started a pilot program of alternate disposal methods in eight areas on the lakes.

In December the corps completed two dikes in Cleveland, Ohio on Lake Erie to control pollution from sediment and to

Death Claims Mrs. Lundeen

Mrs. George (Marion) G. Lundeen, 58, of 811 S. 19th St., died at St. Francis Hospital at 12:01 a. m. today after being a patient for one hour.

Mrs. Lundeen was born in Ontonagon March 15, 1909.

She was a member of the Evangelical Covenant Church, the Phoebe Rebecca Lodge, was past Grand of the Lodge and a member of the Canton Auxiliary of the Odd Fellow Lodge.

Surviving are her husband, four daughters, Mrs. Emer (Donna) Peterson of Escanaba, Mrs. Hugh (Betty) Sawyer of East Troy, Wis., Mrs. Arthur (Mary Ellen) Lee of Chicago and Karen Lee Lundeen of Escanaba; nine grandchildren, a sister, Mrs. Florence Nevela of Republic and six brothers, John Warner of Ypsilanti, Lawrence of Champion, Lester of Tonaw, Wis., Thomas of Republic, Lewis of Ishpeming and Oliver of Neegaunee.

The body was removed to the Anderson Funeral Home and will lie in state from 4 to 9 p. m. Thursday. Complete services will be held Friday at 11 a. m. from the funeral home. Burial will be in the family lot in Gardens of Rest Cemetery.

Potato Stocks Up

LANSING (AP)—The Michigan Crop Reporting service said stocks of fall crop potatoes held by Michigan growers, dealers and processors on Dec. 1 totaled 4.4 million hundredweight, one per cent more than stocks on hand the same date a year ago.

Stock Advance Is Brisk Today

NEW YORK (AP)—The stock market advanced briskly in heavy trading early today. Some brokers were saying that the traditional yearend rally was under way. In the first hour of trading the Dow Jones Average of 30 Industrials rose 3.99 to 892.11. Steels, rubbers, aircrafts, non-ferrous metals and airlines were mostly higher. Motors were mostly fractionally lower after carmakers reported a 5 per cent drop in new car sales in mid-December from a year earlier. Gains outnumbered losses by nearly 2 to 1. Transiron jumped 1 1/4 points, Du Pont was up 1%, and fractional gains were posted by outboard Marine, Detroit Steel, Union Carbide, Litton Industries and El Paso Natural Gas. Brokers attributed the advance to generally favorable economic news.

Michigan Road Clean-Up Costs \$1,967 Per Day

LANSING (AP)—It cost the state \$1,967 a day in 1967 to pick up tons of rubbish scattered along Michigan's highways, the State Highway Commission said Tuesday. Henrik E. Stafseth, acting state highway director, said the commission spent nearly \$718,000 during the year to clean up along the 9,200 miles of state highway. This, he said, is about three times the amount spent six years ago. "When we consider the additional cost to local highway departments on county, township and city roads, the total cost of picking up highway debris could easily run 10 times the amount we spend," he said. The commission's biggest clean up job comes in the spring when melting snow uncovers tons of bottles, cans and other debris, Stafseth said. He estimated that the cost of collecting six widely scattered bottles and the container they came in at three times the value of a full six-pack.

Manistique Man Dies Wednesday

MANISTIQUE — Fridolph Danielson, 120 S. Maple, died Wednesday at 1:30 a.m. A resident of Manistique for 69 years, he was a retired contractor. He was born in Oland, Sweden. Survivors include his wife Louise; two sons, Gustaf of Detroit, and Ralph of Lansing; one daughter, Mrs. Frank (Alva) Marutz; three grandchildren; three great grandchildren; and two brothers and two sisters living in Sweden. Friends may call at the Kee-fauver-Jackson Funeral Home Thursday from 2 to 9:30 p.m. Funeral services will be held at 2 p.m. Friday at the funeral home with the Rev. Ingmar Levine officiating. Burial will be in the Lakeview Cemetery.

HOME BUILDING was continued at a slower pace in Escanaba in 1967, but many residential areas such as the Goulais Addition pictured here were beginning to attain their ultimate development. The new elementary school

on 18th Ave. S., completed this year, filled a housing need for students and provided the neighborhood with an essential facility. (Daily Press Photo)

Iron River Man Recovering After Gunshot Wound

IRON RIVER—A 23-year-old Iron River man is recovering at Dickinson County Memorial Hospital after accidentally shooting himself with a .22 caliber pistol Sunday. State Police said Donald J. Pozniak was preparing to go fox hunting and when he put the pistol in a shoulder holster the safety mechanism and trigger apparently snagged on clothing and the gun discharged. The bullet penetrated his left hip, lodging near the pelvis. Two youths skiing near Mineral Hills chalet carried Pozniak into the building and called an ambulance.

Cold Forecast Through Friday

The U. S. Weather Bureau didn't offer much hope to shivering residents of the Delta County area today. Continued cold is forecast through Friday. The low tonight is predicted to be near zero, a rise of some five degrees from the official low of five below in Escanaba last night. Skies will be mostly fair, turning to partly cloudy Friday.

Growth And Optimism Keynote At Year End

(Continued From Page One)

Northern Motor Rebuilders moved to a new home in the industrial park from an old building on 1st Ave. N., confident that it will be able to expand and with room to do this in the new location.

New Buildings Wilbert Burial Vault is in the industrial development complex; United Parcel Service is also occupying a new building in the area; Buckbee Products opened and was in operation there earlier; and Roy Ness is establishing a retail furniture sales office in one of the buildings near the Danforth Road at U. S. 2-41.

Anthony & Co. constructed a warehouse addition at its wood novelties manufacturing plant; the T. D. Vinette Co. has started building at a new site on the north bay shore where it will relocate its boat building operations; and the Murphy Oil Corp. is making progress with its development at 801 Stephenson Ave.

The Escanaba Feed Co. has a new warehouse up at 1620 6th Ave. N.; and the Bay de Noc Cooperative Co. is completing a bulk fertilizer storage building at 1910 9th Ave. N.

"Commercial construction in Escanaba is above last year and seems to be gaining each year,"

reports City Assessor Charles Schmidt.

Housing Down The Hiawatha Motel at 2400 Ludington St. has a new expansion under way; Joseph Horan is enlarging his motel in the 2600 block of Ludington St.; Social Security is housed in a new office constructed by Stropich north of Marco's; and Ivan Edwards is enlarging his Auto Body Shop.

Dwelling construction in Escanaba was down for the year, the record shows. Thirty-two homes were built in the city in 1966 and 25 this year, with three more building permit applications pending. James Pascoe enlarged the Pascoe Apartments by eight units, indicating the need for such housing in the community.

In the area of commercial progress, merchants and owners of commercial property in the city's downtown district are cooperating in establishing a central public parking lot in

the 1100 and 1200 blocks north of Ludington St.

Shopping Center The business interests are contributing toward the purchase of the parking lot, and the city will develop the lot and maintain it for public parking.

The effort to stabilize the central business district comes at the same time as requests to the city for cooperative action in vacating streets and alleys to permit development of a Red Owl shopping center in the 200-300 blocks on N. 23rd St. Planning Commission approval of the Red Owl request has been given in a recommendation to the City Council, which will hold a public hearing on the application on Jan. 18.

Bethany Lutheran Church has begun the construction of a home for senior citizens in the 1100 block of 1st Ave. S.; and St. Stephen's Episcopal Church has launched a building program.

The year was also marked by the completion of new buildings and additions to schools of the Area Public School district. These were begun last year and dedicated recently.

Briefly Told

Marriage license applications have been made at the County Clerk's office by Leo Henry Frueh, Dubuque, Iowa, and Mary Jane Dotsch, Garden, and by Robert Anthony Lippens and Carol Catherine Dube, both of Rte. 1, Rock.

Escanaba police have issued traffic court notices to Rudy G. Pavlat, Sault Ste. Marie, Rte. 1, disobeying a traffic signal; Francis W. LaFond, Ludington, expired operator's license; and Stanley C. Brennan, Ford River Rte. 1, failing to stop in the assured clear distance.

The Escanaba Senior High School Class of 1958 is seeking addresses of the following people: Ronald Parrett, Virginia Jones, Robert Anderson, Ernest Beauchamp, Bryon Hazel, William Wagner, and David K. Johnson. Anyone having information on these people is asked to call Mrs. Roger Olson, St. 6-5971. The ten-year reunion is to be held July 6, 1968.

Members of Escanaba Area High School's Class of 1948, who are planning a class reunion to be held next July 27, would like information or the addresses of the following people: Shirley Mischen, Robert Gustafson, Robert Larson, Edward LaCrosse, Harold Nelson, Robert Ostram, Harold Peterson, Olive Edgar and James Deane. Anyone having information on these people should call 786-5504.

Obituary

BRONISLAW GRAZEWSKI Complete funeral services for Bronislaw Grazevski were held Wednesday at 2 p.m. at the Aljo Funeral Home Chapel with the Rev. James Pepin officiating. Burial was in the Holy Cross Cemetery.

EILEEN DELORIA Funeral services for Mrs. Eileen Deloria were held at 10 a.m. at St. Andrew's Church in Nahma, with the Rev. James Hebein officiating. Burial was in the New Gardens Cemetery. Pallbearers were James Hebert, William Pilon, William J. Pilon, Paul Frederickson, John Deloria, and Wade Grabou. Among the surviving relatives previously unlisted are: one brother, William Vinette, of Orangeville, Calif., and one sister, Mrs. Howard (Della) Johnson of Engadine.

Stop 'Brain Drain'

GRAND RAPIDS (AP)—More than 500 students have registered for an "opportunity native son" program today to review job opportunities with 53 Grand Rapids area companies. The object of the program sponsored by the Greater Grand Rapids Chamber of Commerce is to prevent a "brain drain" of youth seeking employment elsewhere in the country.

News In Brief

By The Associated Press

DETROIT — Henry Dodge, leader of a petition drive aimed at halting Detroit's open housing ordinance before it becomes law Jan. 1 says he is sure he has more than the necessary 44,000 signatures. He said the petitions will be filed Friday at the Detroit city Clerk's office.

WASHINGTON — New Year's Day will bring both good and bad news for the American taxpayer. Higher Social Security taxes to be paid in 1968 will more than offset repeal of the federal stamp tax on real estate sales.

NEW YORK — A biologist, Dr. Barry Commoner of Washington U. in St. Louis, said today he is worried whether too much nitrogen used in farm fertilizers is getting into store-bought baby foods. He said it should be looked into.

EAST LANSING — Alcohol continues to be the top cause of traffic deaths in Michigan, despite a new state law aimed at taking driving drinkers off the highways, a State Police traffic analyst says. Sgt. Don Calcester revealed that seven of the 18 drivers involved in Christmas weekend fatalities "definitely had been drinking."

BAY SHORE — A fire whipped by winds from nearby Lake Michigan swept through an Air Force radar installation, destroying millions of dollars worth of equipment. No injuries were reported.

ATHENS — Reliable sources today said King Constantine may return to Greece before New Year's Day. He will be greeted by Premier George Papadopoulos, the man he attempted to oust from power.

HANOVER, Mass. — One workman was killed and some 14 others injured as an explosion today ripped a building at the Atlantic Research Corp., manufacturers of antipersonnel mines for use in Vietnam. Cause was not immediately known.

NEW YORK — A young woman is reported "doing splendidly" after a kidney transplant operation which doctors say was the first known U. S. case preceded by extensive tissue compatibility testing.

LANSING — Illness of acting Gov. William Milliken today forced postponement of a meeting of backers of a proposed statewide open housing law, to map strategy for the next legislative session. Symptoms of Milliken's illness suggest the presence of flu.

PITTSBURGH — The members of the Dave Brubeck Quartet went their own ways today after a brilliant jazz career of more than a decade. The four performed for what they said would be their last time together Tuesday night before a crowd of 1,700 at the Pittsburgh Hilton.

Wallace Makes Calif. Ballot

WASHINGTON (AP) — Former Gov. George Wallace of Alabama appears to have won his bid to qualify for California's 1968 presidential ballot.

Wallace, whose drive to get the 66,059 California registrants needed to qualify his American Independent party was pronounced almost certain to fail by state election officials just two weeks ago, already has better than 77 per cent of that total in just nine counties.

H. P. Sullivan, assistant secretary of state, said Tuesday a certified total of 51,206 Californians have registered to date as American Independents in the state's nine major counties.

With Jan. 2 the deadline for registrations, said Sullivan, "It looks unofficially like he will make it."

Open Housing

The Upper Peninsula didn't distinguish itself by its statesmanship in the vote in the Michigan Legislature on open housing.

Governor Romney called the special session of the Legislature to act on open housing after last summer's race rioting in Detroit. The measure would have outlawed discrimination based on race, color or religion or national origin in most real estate transactions and would have permitted fines up to \$250 against commercial violators.

In the absence of Governor Romney — on a world tour — Lieut. Gov. Milliken worked hard for the bill, but it failed of passage, 47-35 with a coalition of 26 Democrats and 21 Republicans voting it, while 23 Democrats and 32 Republicans were opposed.

The Upper Peninsula's Robert Davis of St. Ignace and Charles Varnum, of Manistique, voted for open housing. They're both Republicans. The other three U. P. representatives, all Democrats, were recorded as not voting. They are Reps. Dominic Jacobetti, Negaunee; Russell Hellman, Houghton, and Jack Gingrass, Iron Mountain.

It was a serious default of support for a contribution to solution of the nation's greatest domestic problem. The unanimity of the U. P. Democrats action infers agreement on opposition to open housing, although more Democrats voted for the measure than did Republicans.

Racism is not an active issue in the Upper Peninsula, which has very few Negroes, and none of the problems of other minority groups that afflict Detroit. It was politically safe to vote for open housing, but all our U. P. Democrats didn't. Their support for a ban on racism in housing would have brought it nearer to passage and set the Upper Peninsula's representation solidly on the side of equal treatment for all citizens.

Lieut. Gov. Milliken called the defeat a "disgrace." The New Detroit Committee, which is trying to build a new tolerance and cooperation between all Detroit's people must be dismayed that the state government will not support an effort so crucially needed if we're to avoid a repetition of the violence of last summer and achieve a workable brotherhood of citizens.

Rep. Lucille McCullough (D-Deerborn) said her constituents' mail indicated 95 per cent opposition to the housing bill and charged that the measure "would severely discriminate against Michigan homeowners. I am convinced that this was politically motivated simply to advance the governor's campaign."

Interpreted, this means: My district doesn't want Negroes to be permitted the right to buy the house next door. And while I'm denying them that right — even though it violates all the pretensions of American equality and legality — I can also put a Democratic spike in George Romney's ambitions for the Republican nomination for President.

Rep. Alex Pilch (D-Deerborn) said the bill "in large part contains a false promise to the people it purports to help." He said disappointment arising when the promise was not kept could worsen race relations.

Interpreted, this means: I'm agin it because my people don't want it. I'll oppose it on the suggestion that it won't work.

No one expects it to work miracles. The nine Negroes in the Legislature said that the measure had been so watered down that it wasn't very meaningful, but they voted for it as a symbol.

This is the great loss in the bill's defeat. A symbol of equality has been denied and the Negroes' belief that they're discriminated against confirmed. The bill would create obvious legal difficulties — where do property rights collide head-on with racism? — but America's phobic fear of Negroes next door has got to be solved some way if there's to be peace on the home front.

Discrimination is discrimination, whether it is denying a person the right to vote or to buy a home that he can pay for. The public will quickly recognize the heat under which big city (not U. P.) representatives work. It is evident in the flight of the affluent from Detroit's core city to the suburbs and abandoning the ghetto to the Negroes.

But it would be tragic to have the Legislature solve the real estate dealers color problems in the big cities by a process that sets up next summer's riots.

Johnson Is Named Newsmaker Of Year

By MARY CAMPBELL
AP Newsfeatures Writer

Lyndon B. Johnson, for the fourth straight year, has been chosen newsmaker of the year by editors of Associated Press member newspapers and radio and television stations.

Much of the news the President made concerned the Vietnam war. He reaffirmed the U. S. commitment by stepping up air attacks over North Vietnam, at the advice of generals and a Senate preparedness subcommittee and against the advice of his Secretary of Defense. And he sent 45,000 additional troops, between the 70,000 asked by commanding Gen. William Westmoreland and 30,000 recommended by Robert McNamara.

He sent messages to North Vietnam president Ho Chi Minh suggesting peace talks, all of which were rejected. He criticized U. S. peace demonstrators, saying they weren't bringing a Vietnam settlement any closer.

LBJ sent 5,000 federal troops to Detroit, at the request of Gov. George Romney, and went on TV to say that looting and arson are not civil rights and must be ended, as must the conditions that breed despair and violence.

He set up advisory commissions on civil disorders, economic opportunity and crime and sent a panel to Vietnam to observe its election.

Johnson met twice at Glassboro, N. J., with Soviet Premier Alexei Kosygin. They talked about the Middle East, Vietnam and a treaty to halt the spread of nuclear weapons. He went to Guam to talk with Vietnam's leaders, to Punta del Este, Uruguay, for a hemisphere summit, to Germany for Konrad Adenauer's funeral.

At home, he asked for an increase in taxes to reduce the budget deficit and finance the war and a postal rate hike. He saw the beginning of the first phase of his model cities program.

The 59-year-old President became a grandfather when daughter Luci Nugent gave birth to Patrick Lyndon Nugent in June. He gave his other daughter, Lynda, in marriage to Marine Capt. Charles Robb in a December White House ceremony.

Maj. Gen. Moshe Dayan, hero of Israel's 1956 triumph over Egypt, and now at 52 defense minister, was the editors' choice as foreign newsmaker. He led his country to triumph over Arabs in a six-day war in June. Dayan's battle plans for the Arab-Israeli war was to trap the entire Egyptian army, which he did in what has been called a textbook war of blitzkrieg.

Dayan opposed giving up territory taken in the war. As Israeli forces occupied the old city of Jerusalem, Dayan said, "We have returned to the holiest of our holy places, never to depart from it again."

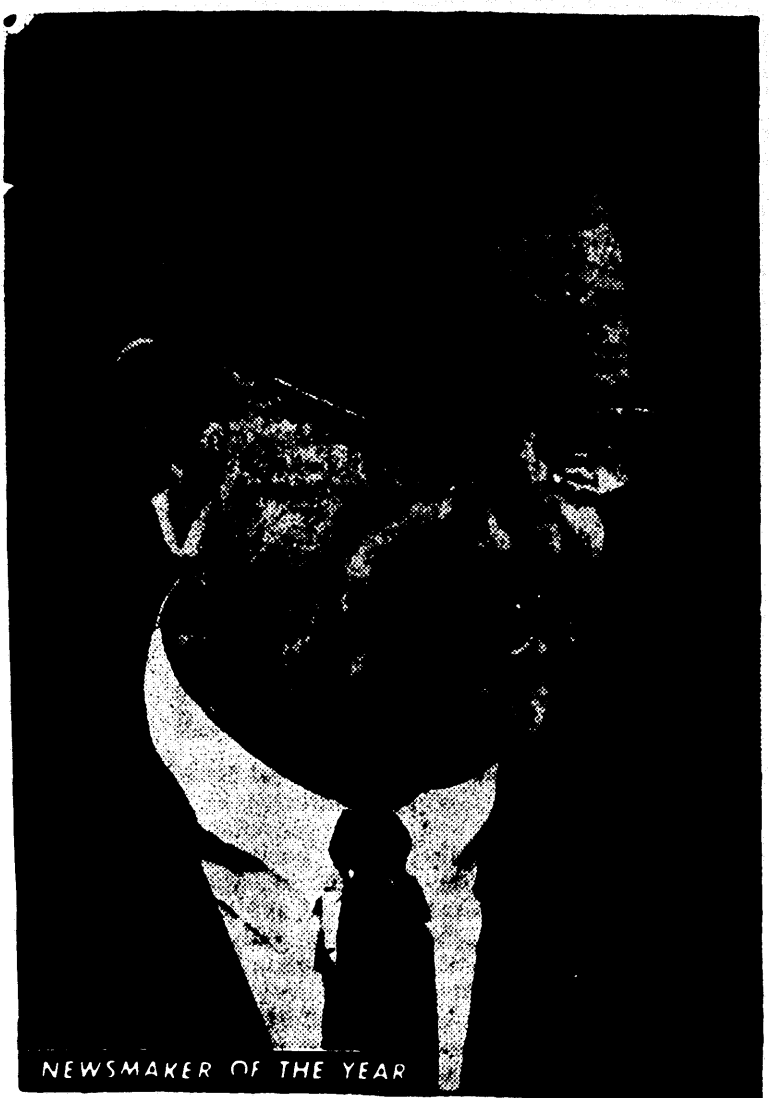

After the war, there was talk of the eye patch-wearing Dayan as a potential premier of Israel.

Other newsmakers in The Associated Press poll are: Werner von Braun, science; William McClesney Martin, business; Walter Reuther, labor; the Rev. James Groppi, religion; Carl Yastrzemski, sports; Frank Sinatra, entertainment; William Manchester, literature and Svetlana Alliluyeva, woman newsmaker.

As Saturn's 6.2 million-pound, 363-foot-tall booster rocket which will launch men to the moon, made a "dream flight" in November, Werner von Braun, 53, was looking to the future. He wants the U. S. to put a man on the moon by 1970, go to planets between 1970 and '85, establish manned space stations and satellites. The Saturn, with two million separate parts, was developed during the past seven years at the Marshall Space Flight Center at Huntsville, Ala., headed by von Braun.

In June he received the Smithsonian Institute's coveted Langley Medal. Established 50 years ago, the Langley has only been awarded 12 times.

William McClesney Martin, 61, in his fifth consecutive term as chairman of the Federal Reserve Board and a conservative

Lyndon B. Johnson

serve Board and a conservative in maintaining the value of the dollar and the value of gold, supported LBJ's proposal for a tax surcharge to fight inflation. He spoke against perpetual federal deficits.

After Britain devalued the pound, Martin advocated the repeal of the requirement that 25 per cent of United States paper money be backed by gold, so that all American gold could be used to defend the dollar and the world monetary system.

United Auto Workers president Walter Reuther's stated goal for 1967 was to abolish the hourly wage system in the auto industry and put everybody on a salary, and he accomplished it. His 1.5 million-member union struck Ford for 45 days, won a revolutionary guaranteed annual income that will provide laid-off workers with 95 per cent of their regular income. Reuther called it the largest package ever negotiated by the UAW with a major industry.

Reuther, 60, resigned as a member of the Executive Council of the AFL-CIO in February. As head of the CIO, he had helped merge with the AFL in 1955.

The Rev. James Groppi, adviser to the Milwaukee NAACP Youth Council, has been providing the city with what he calls "creative tension." For more than three weeks in August, he led nightly marches of 200 to 2,000 Negroes, protesting discrimination in organizations and schools and the city's refusal to enact an open housing law. On Sept. 1 he was arrested for violating the mayor's ban on demonstrations, later was released on bond. The 37-year-old priest told the President's Advisory Commission on Civil Disorders that if nonviolence doesn't work in Milwaukee, he couldn't continue to tell Negroes to use it.

Carl Yastrzemski, 28, led the American League in hitting with .326, in runs batted in with 121 and tied for most home runs with 44. In the final two games of the season, both of which the Boston Red Sox had to win to take the American League pennant (by one game), Boston's successor to left fielder Ted Williams made seven hits in eight trips.

In the World Series, won by the St. Louis Cardinals, Yastrzemski, 40, hit three home runs and made a number of extraordinary defensive plays. He was the American League's most valuable player and many regarded him as player of the year for slugging, fielding and team leadership.

Frank Sinatra, 52, got two front tooth caps knocked off in a brawl in September after he was refused credit in the Sands Hotel casino in Las Vegas. Sinatra walked out on his singing engagement at the Sands, and

signed a 16-year affiliation, and signed a contract to appear at competing Caesar's Palace. He testified in a May hotel libel action in Miami Beach that he never met or gambled with members of the Mafia at the Fontainebleau Hotel there.

In August Mexico lifted the ban it had placed on Sinatra after he filmed "Marriage on the Rocks." In November Sinatra's 16-month marriage to Mia Farrow, 22, hit the rocks with a "mutually agreed trial separation."

William Manchester, authorized to write about the assassination of President John F. Kennedy, wrote "The Death of a President." The manuscript set off a long, publicized, legal hassle, including a suit to protect his privacy by Jacqueline Kennedy, and involving Sen. Robert Kennedy, Manchester, publisher's Harper & Row and Look Magazine's syndication rights. The suit was resolved with 1,600 words cut out of the magazine version and 2,000 more out of the book.

Manchester, 45, said he expected to make between \$300,000 and \$400,000. He thought the Kennedy Library would realize \$5 to \$10 million in royalties from the book. From its April 7 publication to December, "The Death of a President" had sold almost 600,000 copies.

Joseph Stalin's daughter, Svetlana Alliluyeva, 42, became Russia's most prominent defector. In India to take the ashes of her late husband to his homeland, she asked for asylum to find self-expression, to write and to worship. She arrived in the United States April 21, charmed viewers at a press conference and a TV interview.

She had two of her writings published, a magazine essay and "Twenty Letters to a Friend," a nonpolitical memoir of life with her father, written in 1963. Critics called her a major talent in the Russian lyrical tradition. By December, 115,000 copies of the book had been sold and Miss Alliluyeva (her mother's name) was in seclusion, writing a second book.

Her son, Joseph, 21, and daughter, Yekaterina, 15, remained in Moscow.

There is one thing that all 12,000 of us have in common — girls. —Dance Samonte of the Philippines, on a topic of conversation at the World Jamboree of Scouts in Idaho.

Having been under the cloud for believing too little, it's at least a change to be faulted for believing too much. —Bishop James A. Pike, after an invitation for him to preach in New York was withdrawn because of his involvement in spiritualism.

Ann Landers

Chronic Knocker Is Bad For Children

Dear Ann Landers: Fritz is a good provider and has high morals. When I look around and see what some of my friends and relatives put up with from their husbands, I feel guilty about complaining but here goes.

The problem is that Fritz is a chronic knocker. I don't mind for myself because after 20 years I am accustomed to it, but I'm afraid his negative attitude is bad for our children. He knocks the school system, the city officials, the church, the neighbors, the federal government, the A.M.A., the U.S.O., the A.D.A. and the D.A.R. He is neither reactionary nor liberal. He is simply against everything.

When we sit down to dinner it's one destructive statement after another. I hate to say to the children, "Don't listen to your father." But I am deeply concerned that they will pick up his sour outlook on life. Comment, please. — THUMBS DOWN ON EVERYTHING

Dear Thumbs: Attitudes are caught, not taught. When the conversation at home is weighted heavily on the negative side, the children are bound to grow up cynical and pessimistic.

Don't argue with your husband, change the subject. Turn the conversation to something you want the kids to be FOR. Praise the people who are doing the constructive things in the world. Talk about courage and justice and honesty. Kids need something to look up to more than they need something to look down on.

Dear Ann Landers: Can two women get married? I don't wish to go into details as to the reason I am asking this question. You may assume it is either a gag (like to win a bet) or perhaps the women are less-

bians and wish to live together as "man" and "wife." What I need to know is would a marriage between two people of the same sex be considered lawful from their husbands, I gal. Please don't toss this in the circular file. I am serious. — G. C. N. Y.

Dear G. C. N. Y.: If you know a couple of women who want to get married, tell them O.K., but not to each other. The word marriage means the state of being wedded to a person of the opposite sex.

In Illinois, failure to consummate a marriage in the sexual sense is grounds for annulment. Since it is understood that marriage guarantees the privileges of a heterosexual relationship, two members of the same sex could not possibly be considered suitable marriage partners.

Dear Ann Landers: I was fascinated by the letter in your column from the mother whose son was going to Vietnam. She was annoyed with the relatives who came to his going-away party because not one brought a present.

Does this mother believe that going to war is something to celebrate? Does she think it is like going away to college, or being married? Perhaps the relatives understand the grim realities of the situation and this is why they did not come laden with gifts. Please tell her so. — NO HAWK

Dear No: I did not feel (as the mother did) that the guests were clods because they did not bring gifts. Nor do I agree with you that gift-giving under these circumstances would be inappropriate. A gift need not be a memento of a celebration. It could be a thoughtful token or a little remembrance which might be useful.

South was in with the ace and played his king of hearts. East took his ace and gave Buzzie a diamond ruff. East still had to make two trump tricks and South had paid 800 points for his back-in bid.

South could have saved one trick in the play, but even 500 is a lot to pay to save a part score.

Herbert (Buzzie) Schefel of New York had been holding bad cards for several rubbers. Finally he picked up the West hand shown here and decided that there might be a Santa Claus after all. He bid a spade and even after the discouraging one no-trump response, he felt that his hand was worth a further bid and tried two clubs in the hope that his partner might pull himself together and bid more.

East could find no further bid, and it was up to South to do something. In Match Point duplicates we would have little criticism, if any, of South's two heart reopening. All he would be risking would be a bottom score. In rubber bridge it is a trifle dangerous, as you will see.

Buzzie almost bid two spades. It was his first good hand in a long time. Then he decided to see if his partner couldn't find some superior action. East did. He doubled!

Instead of bidding two spades, your partner doubles West's two hearts. East jumps to four hearts. What do you do now?

We care

If unable to purchase any advertised items—request a rain check. Prices effective through Sat., Dec. 30, 1967.

**Every year,
we make
the same
resolutions!**

Because every year, no matter how well we did the year before, our objectives are essentially the same.

To make A&P a friendly courteous store for you.

To be fair and honest in our pricing and labeling.

To sell only quality products we can fully guarantee.

To do everything possible to bring you the most good food for the least amount of money.

To prove we care about you.

We think we did pretty well in '67.
We'll be trying even harder in '68.

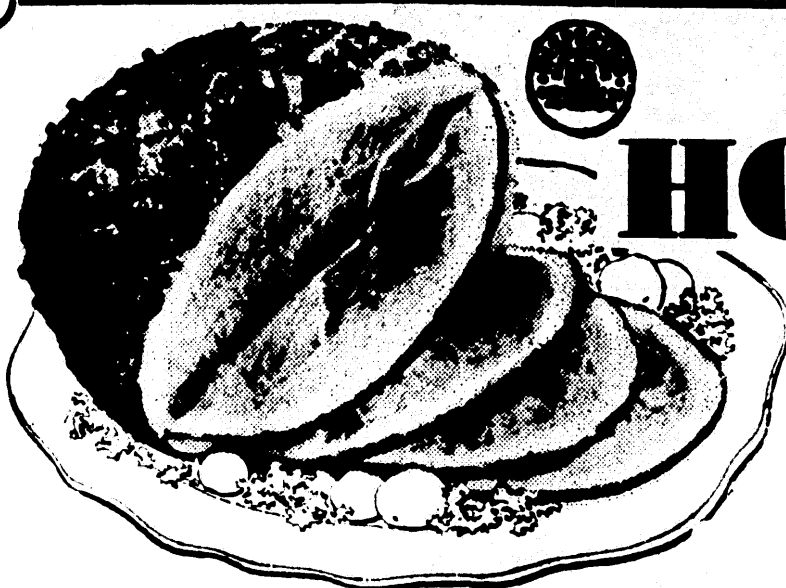

Here's a prediction:

When '68 comes to a close, we still won't be satisfied and we'll try harder in '69 and '79 and '89 and 1999.

We don't think we can ever be good enough for you.

Sonic Booms Due

OFFUTT AFB, Neb. — Supersonic training flights by Strategic Air Command B-58 Hustler bombers will be flown between Jan. 1 and March 31, 1968, from a point east of Racine, Wis., to Naubinway, Mich.

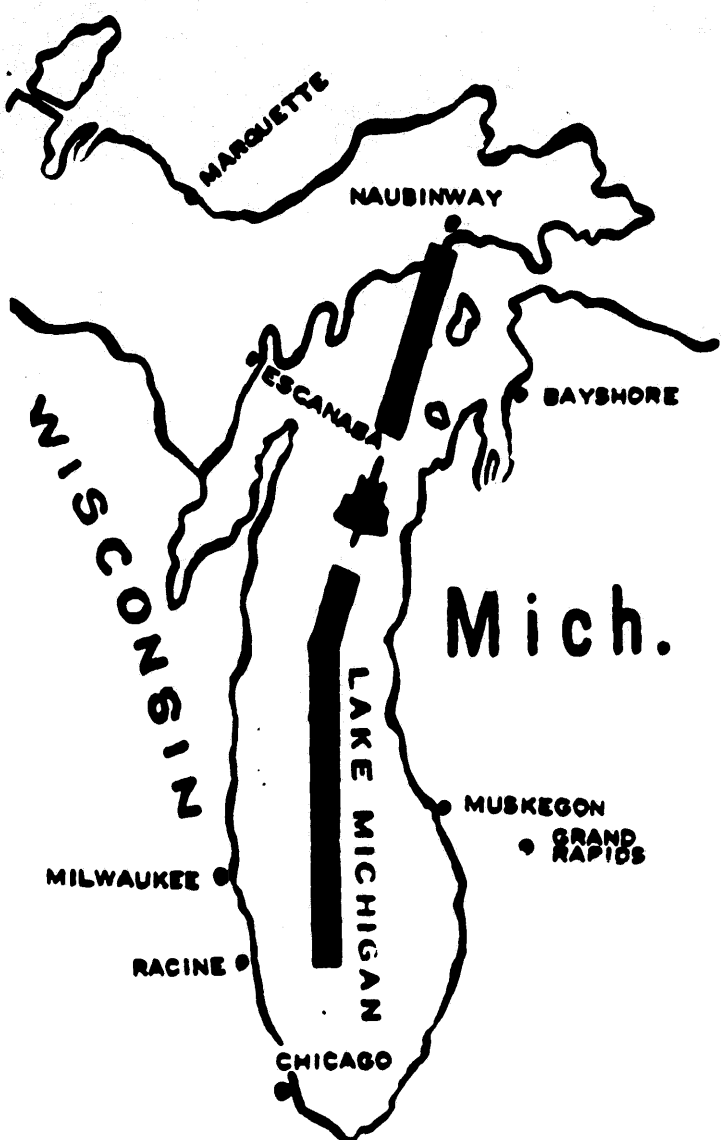

Heading northeasterly from a mid-point in Lake Michigan 25 miles east of Racine, they will continue along a route passing near Manitou and Beaver Islands, to a termination point near Naubinway.

The flights will be largely over water and sonic booms are not anticipated over any land areas. In order to reduce sonic booms, target selections are made to bypass major cities or to allow deceleration to subsonic speed before reaching them.

An Air Force scoring unit at Bayshore, Mich., will use radio and radar signals to determine accuracy of simulated bomb drops, since SAC aircraft do not carry bombs on these training flights.

The bombers will fly a maximum of two runs daily at supersonic speeds up to match 1.65 (1,100 miles per hour).

Although sometimes startling or distracting in their suddenness, sonic booms will not injure people or cause damage to a structurally sound building because of the B-58's high altitude (above 35,000 feet).

February Call For 50 In U.P.

LANSING (AP)—Local draft boards in Michigan are to deliver 1,668 registrants for induction during February, compared with 529 in the same month last year, said Col. Arthur Holmes, State Selective Service director.

Some 497 men in the February quota will come from Wayne County boards and 50 from the Upper Peninsula.

An additional 4,504 registrants will be ordered for preinduction physical examinations at Detroit or Milwaukee during February, Holmes said.

Those to be inducted will be chosen from a list of single registrants and registrants married after Aug. 26, 1965, ages 19 through 25, with the oldest being selected first, Holmes added.

Draft call: Alger 0, Baraga 0, Chippewa 7, Delta 8, Dickinson 6, Gogebic 3, Houghton 10, Iron 4, Keweenaw 0, Luce 1, Mackinac 6, Marquette 10, Menominee 7, Ontonagon 1, Schoolcraft 1.

Promoted

LANSING (AP)—William S. Cath, a former administrative assistant in the Michigan Department of Agriculture, has been named executive secretary of the National Association of State Departments of Agriculture.

New Car Safety Rules Detailed

WASHINGTON (AP)—The government has spelled out details, and asked for comments on 12 more rules designed to make autos safer for their occupants and pedestrians and to force drivers to lock unoccupied cars.

The Department of Transportation Tuesday asked for comments by Jan. 26 by industry, research and other interested groups. The rules had been announced earlier in the year in broad terms and technical details have now been developed.

Before the Federal Highway Administration makes the rules official the comments will be evaluated by the National Highway Safety Bureau, which will develop the final standards. Some are likely to be changed from the present version.

That was the case before new rules were laid down for 1968 models turned out after this week, including collapsible steering wheel assemblies, lap and cross-chest seatbelts, dual braking systems and other devices to protect auto occupants.

Two Sets Of Rules
One set of rules spelled out Tuesday would go into effect on autos manufactured after Dec. 31, 1968 and others after Dec. 31, 1969.

Still pending are other rules proposed to take effect beyond those dates.

The rules that would go into effect after Dec. 31, 1969 would require:

—Head-rests on all passenger cars to reduce the frequency and severity of neck injuries in rear end collisions.

—Car locking systems to reduce accidental opening of rear doors by children from inside and prevent opening from outside.

—Improved hood-latch devices to reduce the possibility of accidental openings—which obstruct the driver's view.

—Concealed-type headlights would be in open position in the event of failure of the shielding or rotating device.

—Multi-purpose passenger ve-

Hard Work Pays For Schaffer Gal

MARQUETTE—Three years of academic excellence has paid off for two Upper Peninsula high school senior girls.

Alice Gauthier of Schaffer, a student at Escanaba Holy Name, and Gretchen Bietila of Iron Mountain, were named recently as the first recipients of \$4,000 Edgar L. Harden Scholarships to attend Northern Michigan University.

Selection of the two girls was based on cumulative academic average through their junior year and on-campus competition, including personal interviews.

Miss Gauthier, daughter of Mr. and Mrs. Maurice Gauthier, is the top-ranked student in the 84-member senior class at Holy Name.

Miss Bietila, daughter of Mr. and Mrs. Walter Bietila is ranked second in her class of 146 at Iron Mountain High School.

Both girls expect to enroll in the teaching curriculum at Northern in the fall of 1968. Miss Gauthier hopes to teach elementary grades while Miss Bietila plans to teach high school biology.

Alice Gauthier

The four-year scholarships are named in honor of NMU's president emeritus, Dr. Edgar L. Harden. A third "Harden Scholar" will be selected in January from among the top Lower Michigan high school seniors.

Next year, with an alternating selection schedule in effect, Harden Scholarships will be awarded to two Lower Michigan students and one U. P. student. The scholarship program will build to a maximum of one dozen \$4,000 stipends over a four year period, with six students selected annually from both the U. P. and Lower Michigan.

Former Escanaba Resident, 67, Dies In Lansing

Mrs. Charlotte C. DeMund, 67, a former Escanaba resident, died in Lansing December 26.

Survivors include two sisters, Mrs. Chris Nelson of Escanaba, and Miss Violet A. Goldberg of Lansing; and one niece, Mrs. William Brase of Peoria, Ill.

Religious services will be conducted at the Estes Leadley Funeral Home at 2:30 p.m. Friday with the Rev. C. Oscar Leonardson of the Grace Lutheran Church, Lansing, officiating. Burial will be in Chapel Hill Memorial Gardens.

Copper Firms In Union Talks

SALT LAKE CITY (AP)—Unions and two of the Big Four copper producers have resumed meetings to seek a settlement in the 166-day-old copper strike.

The unions' bargaining committee was scheduled to meet today in Salt Lake City with Kennecott Copper Corp. Meetings with Phelps-Dodge Corp. resumed earlier this month in Douglas, Ariz.

Anaconda Co. and American Smelting and Refining have not met with unions since August.

Spokesmen for companies and unions have said the hope for settlement during the current round of talks is negligible.

The strike, which has idled 60,000 workers and more than 95 per cent of U. S. copper production, is the first industry-wide walkout. The numerous past walkouts have affected only one or two of the Big Four producers. At issue are wages, benefits, industry-wide or company-wide bargaining and numerous local issues.

Betty Asks Dating Of Product Life

WASHINGTON (AP) — Betty Furness, special adviser on consumer affairs to President Johnson, urged today that manufacturers tell purchasers exactly how long a product can be expected to last.

"Why shouldn't the housewife know that there are 'X' number hours of service in her washing machine or that the life expectancy of a toaster falls short of a golden wedding anniversary?" said Miss Furness.

"The manufacturer knows, and the marketer knows, what the design-life of a product is. Shouldn't the consumer also know?" she added.

Her comments came in a speech prepared for a meeting of the American Marketing Association.

Miss Furness, citing enactment by Congress this year of a new meat inspection law, said it resulted directly from increased consumer interest in getting better treatment in the marketplace.

When consumers became alarmed about meat quality, she said, they let Congress know, and: "That, gentlemen, can happen again and the government will have to act. It applies to other products as well as meat."

She urged manufacturing and marketing concerns to better educate the public in the best use of the consumer dollar.

Holiday Visitors
Mr. and Mrs. Peter Bosonic, and son Peter of Holt, Mich. are visiting at Mrs. Bosonic's parent's home, Mr. and Mrs. Calvin Richard.

Mr. and Mrs. Pat Radgens of Battle Creek are visiting with Mr. and Mrs. Grover Spaulding of Kates Bay. Mrs. Radgens is the former Mary Spaulding.

Miss Paulette Guertin is home from NMU in Marquette for the Christmas recess.

Visiting with his mother, Mrs. Marion Jacques, is Thomas Jacques of NMU in Marquette.

Francis Ansell of Milwaukee, is home with his family for the Christmas holidays.

William E. Ward Jr. is visiting his family for Christmas, and will return to his place of employment in Marquette Tuesday.

Mr. and Mrs. Robert Ousterhout of Ithaca and son Ward, are visiting with her parents, Mr. and Mrs. William A. Ward Sr. of Vans Harbor.

Mr. and Mrs. Bernard Barney of Green Bay and daughter are visiting at the William A. Ward home in Vans Harbor. Mr. Barney has returned to Green Bay to work and will return for his family during the New Year holiday.

Norman LaButte is visiting with his family for the Christmas and New Year holidays, after which he will return to his employment in Flint.

Christmas visitors at the Hartley LaButte home were, Mr. and Mrs. William E. Ward Jr. and son Mark, Mr. and Mrs. Norman LaButte and children, Monty Ward of Taylor, Mrs. Deanna Ward and children of Manistique, Mr. and Mrs. Charles Blowers, Mrs. Dee Curtis, and Mr. and Mrs. Grady Steele and daughter Margaret of Clarkston.

North of the equator, whirlpools move counterclockwise; south of the equator, they move clockwise.

MR. AND MRS. JOSEPH ALTON MALLMAN, 316 S. 16th St., Escanaba, announce the engagement and approaching marriage of their daughter, Margaret Susan, to Robert Warner Johnson, son of Mr. and Mrs. Odin Johnson, Star Rte. 1, Iron Mountain. The bride-elect, a graduate of Escanaba Area High School, is currently a senior at Michigan State University where she is majoring in audiology and speech science. She is affiliated with the Kappa Delta Pi and Sigma Alpha Eta sororities. Her fiancé graduated from Felch High School in 1960, received his bachelor's degree in Mechanical Engineering from Michigan State University in 1966, and currently is working toward a Ph. D. Degree in Mechanical Engineering. A June wedding is planned.

Events

Senior Citizens
Senior Citizens will meet at Club 314 at 7:30 tonight, and members are asked to bring their own cups.

TOPS Club
The Weight-Watchers TOPS Club will not hold a meeting of weigh-in tonight.

Phoebe Rebekah
The Phoebe Rebekah Lodge No. 179 will hold a regular meeting Thursday at 8 p.m. at the IOOF Hall. A pot-luck lunch will follow the meeting and members are also asked to bring a small prize for the games to be played.

Isabella

Mr. and Mrs. Robert Nedeaue of Detroit were called home by the sudden death of his brother Eugene Nedeaue.

MR. AND MRS. Adolph Urbanc of Rt. 1, Bark River, announce the engagement of their daughter, Joann Marie, to John H. Kevek, Kenosha, Wis., son of Mrs. Alex Covall of Kenosha. Miss Urbanc, a Holy Name High School, Escanaba, graduate, is presently teaching the fourth grade in the Wilson Elementary School in Kenosha, Wis. Her fiancé operates a large farm near Kenosha. An April 20 wedding is planned at St. George Church in Bark River.

MEA Consultant

LANSING (AP) — Ronald Jensen, executive secretary of the Lansing Schools Education Association, has been named urban services consultant for the Michigan Education Association. Jensen, 33, will coordinate services to MEA units in the urban areas of Michigan and act as liaison between the local units and the state organization.

The Edict of Nantes was the first official recognition of religious toleration by a great European country.

People

John Kleiman, a junior at the University of Michigan, was home for the holidays with his parents, Mr. and Mrs. Ernest Kleiman, 614 S. 20th St. He left Tuesday for a national constitutional convention of the Alpha Phi Omega Fraternity in Norman, Okla.

ORANGE BOWL QUEEN for 1968 is Patricia Taylor, a 20-year-old University of Miami junior from Fairfax, Va.

LITTLE But Do A BIG Job

Women's Activities

hints from Heloise

By HELOISE CRUSE

Dear Heloise: After fifteen years and many shampoo jobs, my flowered hooked rugs were quite faded. To brighten their colors, I hit upon the idea of "painting" the flowers, using color-fast felt markers to renew them. For the black border, I diluted India ink and patted it in with a little sponge.

I taxed my ingenuity a bit, but was great fun!

I am so proud of the final effect that I am now touching up my footstools at a cost way below that of fabric paints.

I've found that school supply houses usually carry the most complete line of felt markers. If the felt dries out (because the cap was left off), fill the cap with rubbing alcohol, replace it and let the marker stand upside down overnight for a renewal job. Mayme G. Miller

Now, if you aren't the smartest ever! Just think of the money you're going to save by not having to get new rugs and coverings! I think this gal has earned a 21-gun salute, don't you all? So...for those of you who

have an old faded rug and would like to try Mayme's idea, think of the fun you're about to have. Heloise

★ ★ ★

Dear Heloise: I'd like to share a suggestion my father passed on to me for scrubbing flat paint, especially walls with the highly stippled finishes.

Rather than using a sponge or cloth, which is chewed to pieces in no time, use an OLD light-colored wool or nylon sweater. Either one of these articles will glide so easily over your walls you'll think you're scrubbing enamel. Evelyn Riddle

★ ★ ★

Nylon sweaters work, too! Sure saves knuckles. Thanks, Evelyn. Heloise

★ ★ ★

Dear Heloise: When you stuff a turkey, make a cheesecloth bag, fill the bag with dressing and insert it in the turkey... bag and all. When baked, remove the bag and empty the contents in a serving dish. It is a fast and easy method for an otherwise frustrating task. Mrs. Julia H. Koenig

★ ★ ★

Dear Heloise: When making ambrosia, instead of using granulated sugar, I use peppermint candy. I place the candy in a plastic bag and pound it into tiny pieces. Then I place a layer of oranges, candy and coconut and garnish with cherries. It gives the ambrosia zest as well as making it colorful. Wonderful treat for any occasion. Yummy! E. N. S.

★ ★ ★

Dear Heloise: In today's small bedrooms there's always a need for extra space. To have more room for your active child, slide that chest of drawers in the clothes closet. Usually space under the "hung-up" garments goes to waste anyway. And it's almost like having real built-ins in their very own closet. Shirley

★ ★ ★

Dear Heloise: When I'm working with nylon net, regular straight pins just won't hold the material until I finish the cutting. In desperation, I used some small wire hair pins, the kind with the waves in the center, and they are perfect. The hair pins stay in place until you remove them and they don't harm the net in any way whatsoever. Mrs. J. L. N.

★ ★ ★

Dear Heloise: I found a quick and easy way to make cornbread dressing. I add all the ingredients for the dressing into my cornbread mix and then bake it all together. After it is cooked, I crumble the mixture and add four or five slices of bread, depending on the amount I'm making. Then I add the liquid and mix it all together. I stuff the bird with this dressing and bake. This method sure does save me time. E.C.B.

Garden Peninsula

Mrs. William Swaer has returned home from St. Francis Hospital Friday, Dec. 22 where she had been a surgical patient.

Birth

Mr. and Mrs. Sidney Lucas are the parents of a 7 pound, 10 ounce girl, born Dec. 20 in St. Francis Hospital. The baby has been named Christine Marie.

Patient Home

Mrs. Grover Spaulding has returned home from a stay in the Schoolcraft Memorial Hospital, where she was a medical patient.

Mr. and Mrs. John Parsly and son Lloyd have motored to Lower Michigan for the holidays. Mr. Parsly will return home, while Mrs. Parsly will enter the hospital in Ludington for surgery. Lloyd will visit with friends during his mother's confinement.

Miss Gail Grenier, of University Hospital in Ann Arbor, and Greg Peet, of Kalamazoo are holiday visitors at the Bernard Grenier home.

Home on Furlough

Home on a 10-day furlough from Lowry Air Force Base, Denver, Colo., is A/1c Gary L. Grenier, Box 3928, son of Mr. and Mrs. Bernard Grenier of Kates Bay.

Sp. 4 James Paulson grandson of Mrs. Ida Paulson is home for the holidays. James entered the service in Dec. of 1965, received his training at Ft. Leonard Wood, Missouri and Ft. Gordon, Ga. Trained in Radio Communications, he served in Na Trang, Peiku, Dakto, and Katung with the 173rd Airborne. He received his discharge from service on Dec. 17, at Ft. Washington.

Jim and Richard Spaulding of Chicago and Manitowoc, were home for Christmas with their parents, Mr. and Mrs. Grover Spaulding, Kates Bay.

Pam Casey and Linda Kilborn, Bay City, were Christmas visitors at their parent's home, Mr. and Mrs. Norman Casey, and Mr. and Mrs. Donald Kilborn.

Jerry Rochefort of Inkster, visited with his grandmother, Mrs. Bertha LaLonde, Cooks for the Christmas holidays.

Christmas Surprise

Mrs. Robert Dee (Nancy) Curtis, granddaughter of Mr. and Mrs. Louis Farley, Kates Bay had an unexpected surprise for Christmas. Mrs. Curtis husband, Lt. J. G. Curtis, of VX-Sqd. United States Navy is stationed in Antarctica, S. P. on Operation Deep Freeze. Mrs. Curtis had visited with a ham operator in Pontiac who had tried unsuccessfully to contact the lieutenant. An unknown ham operator in New York had heard their unsuccessful attempts, and at 1 a. m., Dec. 20, Mrs. Curtis had a long distance call from New York, where the ham operator had made contact and with the aid of a telephone patch arranged a half hour conversation between Mrs. Curtis and the Lt. who will not be home until next March. Mrs. Curtis resides with her parents, Mr. and Mrs. Gedy Steele, of Clarkston in her husband's absence.

In This Corner

With RAY CRANDALL

You can't blame the Holy Name Crusaders for shaking their heads in disbelief when they study their season statistics. . . . Holy Name has lost six straight games in the pre-holiday schedule, bowing to Manistique, Escanaba, Marquette Baraga, Ishpeming, Stephenson and Munising.

However, Holy Name has outscored its foes by seven field goals, a total of 131 against 124. . . . The Crusaders have matched or bettered the field goal output of Manistique, Escanaba, Ishpeming, Munising and Stephenson. . . . They were outgunned from the field by Marquette Baraga — and that by a slim 29 to 26 margin.

The free throw line tells a different story. . . . Every team they've faced has outscored the Crusaders by a wide margin from the free throw stripe. . . . In their six straight setbacks the Crusaders have converted 44 of 98 attempts while their foes have connected on 101 of 170 gift shots.

Bob Schaut, Escanaba's all-state senior center, continues to reap football honors. . . . The 6 foot 3 inch, 210 pound athlete was named recently to the Michigan Sportscence Magazine's All-Class, All-State first team.

Hilda Constantineau, bowling for the P&H Mitt Mites in the Tuesday Early Bird League at the Holiday ran off an all spare game for 175.

Tony Metro, captain of the high scoring University of Wisconsin hockey team, is a product of Sault Ste. Marie. . . . A rugged defenseman, Metro has contributed two goals and five assists in Wisconsin's first eight games, of which the Badgers have won six.

Dean Kent of L'Anse, lone returning veteran on his team this season, is currently leading Upper Peninsula high school cagers in scoring with a 29.6 average in six games. . . . Randy Fochesato, who has a career total of 1,122 points, is second with a 27.1 average.

Other area players who are averaging 20 or more points per game thus far this season are Steve Nelson of Gladstone with 85 in four games, Rick Mercer of Big Bay de Noc with 80 in four, John Gunderson of Stephenson with 100 in five, Gary Sample of Manistique with 125 in six, Art VanDamme of Perkins with 160 in six, John Whitens of Hermansville with 140 in seven.

Ben Zukowski, one of the greatest football players in Iron River High School history, was killed in an accident in the Homer Mine in that community last week. . . . He was one of the organizers and a star performer on the Iron County Steelers semipro team that dominated Upper Peninsula and Wisconsin leagues after World War II.

For the first time in four years there is no holiday basketball tournament on tap for Big Six Conference teams. . . . Long travel distances and difficulty of keeping prep players at practice through the holidays were the main reasons for discontinuing the tourney. . . . Hermansville, Powers and Channing were the three tourney titlists in 1964, 1965 and 1966.

Esky Edges Classic Foe

Escanaba staged a stirring rally in the second half to snatch a 98-91 double overtime victory from Holy Name in the 10th annual Alumni Classic at the Crusader gym Tuesday night.

Trailing through the entire game, the former Eskymos stormed back to knot the score at 82-82 in the closing seconds of the contest. They rallied again to tie the count at 89-89 in the first overtime session.

In the second extra frame the Eskymos stars took control with a flurry of points while limiting the ex-Crusaders to a single field goal.

Paul Miller, a freshman on

the Northern Michigan University varsity this season, paced the comeback with five buckets and a free throw in the fourth period and overtimes. Lanky Ray Anderson tossed in six points and Dick Sivertsen and Paul Meunier contributed five each in the same span.

Deadeye Rick Kuchenberg gunned in 13 field goals, mostly from far outside, to lead Coach Spike O'Connell's cagers to their eighth victory in the series. Miller came through with 18 for the winners.

Con Yagodzinski, ex-Northern great, matched Kuchenberg in the scoring column with seven baskets and 14 free throws. He missed nine other opportunities from the foul line.

Also reaching double figures for the Crusader cagers were Walt Veldman with 14 points and Frank Trotter with 12.

Holy Name pulled out to a 29-20 lead in the first quarter with Yago scoring 11 points and Kuchenberg 12. The ex-Crusaders led at halftime, 52-46, and at the three quarter mark, 67-65.

The holiday clash drew a near capacity crowd, with proceeds going to the Holy Name High School Scholarship Foundation.

Gophers Rated Sextet To Beat

MINNEAPOLIS (AP)—Minnesota carries the most impressive credentials into the five-team Big Ten hockey tournament starting Thursday.

Wisconsin meets Ohio State at 7 p.m. in Williams Arena to inaugurate the first conference ice classic.

Minnesota, undefeated in six starts this season, tangles with Michigan State at 9 p.m. Michigan drew a bye.

Friday's action pits the Minnesota-Michigan State loser against the Wisconsin-Iowa State loser. Michigan takes on the Wisconsin-Ohio State winner.

The championship games are scheduled at 9 p.m. Saturday, preceded by the third-place affair.

The Gophers, Michigan and Michigan State all are members of the Western Collegiate Hockey Association. Minnesota currently leads the WCHA. Michigan State is fifth, and Michigan has lost its only two league contests.

Wisconsin resumed hockey earlier this decade after a lull that extended from the thirties. Ohio State began its intercollegiate hockey program in 1963.

Packers, Dallas Set For Sunday

Landry To Try Ground Control

DALLAS, Tex. (AP)—Coach Tom Landry of the Dallas Cowboys said today the statistics pretty well dictated his plans for the National Football League championship game against Green Bay Sunday.

"My predictions don't always come out right as evidenced by last year's championship game between Dallas and Green Bay," Landry observed. "I said you could expect a tough defensive game. But it turned out to be an offensive game."

"However, I note that Green Bay is toughest against passes in the league (the Packers allowed only 96.4 yards per game in the air). So it seems we must dominate the ground game if we are to win."

He added that "we'll have to control the ball on the ground, the way we did against Cleveland (Dallas beat the Browns 52-14 for the Eastern Conference championship) and then pick our spots carefully in throwing the ball."

Quarterback Don Meredith apparently was being quite careful when he tried only 12 passes against Cleveland. But he connected on 10, should have completed another and deliberately threw away the 12th when he saw it might be intercepted.

But he passed for two touchdowns and his passing helped set up two more, plus a field goal. However, great punt returns by Bob Hayes and ball control by running made much of the scoring possible.

The Cowboys took Christmas Day off and returned to practice Tuesday, with ace offensive tackle Ralph Neely and safety Mike Gschler out with a mild touch of the flu. Both were expected back today.

Landry said nothing new was being tried and would not be. "We have only a week this time to prepare for the playoff, whereas it has been two weeks in the past," he pointed out.

Mathis Scores Quick Knockout

COTEBORG, Sweden (AP)—Big Buster Mathis had his 23rd consecutive victory in the bag today, and it was one of the easiest in the unbeaten giant's meteoric boxing career.

Mathis, 23 years old from Grand Rapids, Mich., scored a technical knockout victory over Gerry De Bruyn of the South African titleholder, only 38 seconds after the opening bell Tuesday.

The American, a leading heavyweight contender, connected with two right-left combinations and then floored his opponent with a hard right. De Bruyn got to his feet, but the referee stopped the bout because the South African was unable to continue.

Mathis weighed 243 pounds and De Bruyn 197.

The one-round knockout was De Bruyn's first defeat in 17 fights. His over-all record is now 20 victories, four losses and two draws.

The University of North Dakota has been playing hockey for the last 20 years.

Dave Bing Back In Form To Pace Piston Victory

DETROIT (AP)—Dave Bing has found the shooting range again in the friendly atmosphere of Cobo Arena.

Bing, held well below 30 points a game on a two-week road trip, bombed the nets for 39 points Tuesday night at the Detroit Pistons hammered the St. Louis Hawks 127-110.

The 39 points moved Bing over the 1,000-point mark, first NBA player to accomplish that total this year. He now has 1,014 points for the season, tops in the league.

In other NBA games, the Seattle Sonics nipped the New York Knicks 137-135, the San Francisco Warriors dumped the Boston Celtics 117-104, the Philadelphia 76ers bumped the Cincinnati Royals 126-121 and the Los Angeles Lakers edged the Chicago Bulls 104-101.

Bing, playing before 10,804 fans, largest Detroit home crowd in four years, sparked the Pistons to a 66-40 halftime lead. He scored 17 points in the first half surge and Dave DeBusschere added 15.

The Hawks, top team in the NBA's Western Division, battled back to within 11 points before the game ended, mostly on the shooting of Zelmo Beatty and Bill Bridges.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year. . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

Packer Injury List No Worse

GREEN BAY, Wis. (AP)—Green Bay Packer coach Vince Lombardi said Tuesday his injury riddled squad is no worse off now than it was before last Saturday's Western Conference playoff victory over the Los Angeles Rams.

Three Packers were hurt in their 28-7 victory, but "they're all okay now," Lombardi said.

Green Bay quarterback Bart Starr hurt his hip, but stayed in the game. Defensive back Bob Jeter suffered a bruised knee, and center Ken Bowman was knocked groggy.

The Packers' victory over Los Angeles earned them a berth in the National Football League championship game here Sunday against the Dallas Cowboys, who beat the Cleveland Browns in the Eastern Conference playoff last Sunday.

Lombardi said he watched part of the Cowboys-Browns game on television and was very impressed by the Dallas club.

Packer defensive tackle Henry Jordan, who led the pass rush against Rams quarterback Roman Gabriel last Saturday, said he watched the Cowboys on television, too, and "they're going to be tough to handle."

Perfect Marks Placed On Line

LOS ANGELES (AP)—Two teams in the Top Ten of basketball—No. 1 UCLA and No. 4 Tennessee—lay unbeaten records on the line in the Los Angeles Classic opening tonight, and one is bound to come out of it with a broken string.

UCLA, heavily favored to win its sixth straight Classic championship, is expected to run its season mark to 6-0 when it meets Minnesota (3-4) in the nightcap of tonight's opening doubleheader. Utah State (6-3) and St. Louis (4-3) meet in the first game.

Tennessee (4-0) makes its debut here Thursday night against Iowa (3-3) and should come away a winner. Wyoming (6-2) and Southern Cal (5-3) complete first round action Thursday night.

It's considered likely this tourney will wind up in a battle of the unbeaten Saturday night—UCLA matching its 104-point scoring average against Tennessee's tough defense that has allowed opponents an average of only 45 points a game.

Low Alcindor, 7-1 1/2, and friends expect to raise UCLA's victory string over the years to 40 tonight. To do it they'll have to bottle up the Gophers' 6-7 Tom Kondla, last season's Big 10 scoring leader with a 28.3 average.

The major league baseball record for most runs batted in during one inning is seven set by Ed Cartwright of St. Louis in 1890.

Lions Still Gain Semis

Flu Bug Flattens Star

NEW YORK (AP)—Columbia's Dave Newmark, caught between the flu bug and a collapsing zone defense, felt a little less than seven feet tall.

But supersoph Jim McMillian and the other young Lions were in orbit after their impressive debut in the Holiday Festival ever, when tournament.

Newmark and McMillian each will have to be sky-high, however, when Columbia tries to bring down towering Westley Unsell and the resurgent Louisville Cardinals in the semifinals of the 16th annual Madison Square Garden classic.

West Virginia's zone limited flu-plagued Newmark to one rebound and two baskets Tuesday night, but McMillian popped in 40 points as the Lions ousted the Mountaineers 98-71 in a first-round game.

Unsell, Louisville's 6-8 All-American, then grabbed 20 rebounds, scored 21 points and teamed with hot shooting Butch Beard and Marv Selby to lead the Cardinals past LaSalle 97-71.

Columbia and Louisville clash in Thursday night's semifinal doubleheader, which also pits St. John's, N.Y., against 16th-ranked Boston College in a rematch of their earlier meeting—won by the Johnnies 91-80 in overtime.

Boston College ripped Penn State 87-58 and St. John's topped Syracuse 60-55 in a Tuesday afternoon twin bill.

McMillian's 18 first-half points helped stake Columbia to a 42-28 lead at intermission. The 6-5 Philadelphia are Penn-Wisconsin Temple-Providence, Arizona-St. Francis, Pa., and Villanova-Duquesne.

West Virginia zone and hit over it for 22 more as the Lions pulled away in the final 20 minutes.

McMillian connected on 14 of 23 shots from the floor and added 12 free throws in 17 attempts. His 40 points fell five short of Chet Forte's school mark.

The Cardinals came into their Festival opener with a mediocre 3-3 record, but swept past LaSalle in the second half as Unsell scored 13 points. Beard picked up 14 of his 23 and Selby, younger brother of ex-Furman star Frank Selby, potted 16 of his 19. Beard also held Bernie Williams to three second half baskets after the LaSalle guard hit 18 before intermission.

Boston College's Terry Driscoll reeled off 10 of his 19 points early in the second half as the Eagles pulled away from cold-nerved Penn State. Jack Kvanetz and Driscoll each scored six points in a 14-2 burst that opened the Eagles' 38-27 halftime lead to a commanding 52-29 bulge.

Rudy Bogard, St. John's 6-8 pivotman, broke loose for eight key points in a second-half rally that carried the Redmen to their seventh victory in eight starts. Sophomore Joe DePre topped the winners with 13 points. Bogard had 12, and Mike Rowland and Richie Jackson 10 apiece.

The Quaker City Classic and the Rainbow Classic begin tonight at Philadelphia and Honolulu. The first round pairings at Philadelphia are Penn-Wisconsin Temple-Providence, Arizona-St. Francis, Pa., and Villanova-Duquesne.

Ohio State plays Marquette and Northwestern meets Hawaii in the Rainbow openers. No. 2 ranked Houston, the pre-tourney favorite, takes on Bradley Thursday night.

West Favored In Shrine Game

PAULO ALTO, Calif. (AP)—Two-day workouts continued today for both the East and West squads honing for the annual Shrine charity game Saturday at Candlestick Park.

The Fast, now rated to be outscored by 3 1/2 points, put in a full scrimmage Tuesday afternoon, the first in a long time.

Working out at nearby Santa Clara, the East showed off the offensive power of 235-pound Syracuse fullback Larry Csonka and the running of Benny Earm to of South Carolina. Dick Himes of Ohio State and Wayne Mass of Clemson also drew the approval of head East coach Ara Parseghian of Notre Dame.

Pro scouts and coaches watched the workout at Santa Clara, as well as the West's practice here at Stanford University.

The consensus of the pro visitors was that the West's starting backfield will go in the first round of the draft Jan. 30. They are Gary Ebron of UCLA, Haven Moses of San Diego State, Warren McVay of Houston and Lee White of Weber State.

Postage Rates To Rise Jan. 7

Increased rates for all classes of mail except parcel post and international mail will go into effect Jan. 7. Postmaster James Pryal reminded postal customers today.

There will be no changes in the charges for special delivery, registered mail, certified mail, cash on delivery or insurance.

"We have an ample supply of one-cent stamps on hand," he said, "for those people who have five-cent stamps and need one-cent stamps to make up the postage required under the new rates."

Higher rates also will go into effect Jan. 7 for all categories of second-class mail, bulk-rate third-class mail, controlled circulation mail, and the educational materials category of fourth-class mail. Mailers using these classes who need information on the new rates should contact the local Post Office, the postmaster said.

Chips And Splinters

Contributions To Chips Welcomed

Chicago was a eye-opener to many of the 180 Michigan farmers attending the recent 49th annual meeting of the American Farm Bureau Federation there. They weren't shocked as much by the antics of those who live in the windy city as they were by the prices.

It is hardly news to most farmers that farm prices of food they produce bear little relation to the prices of food served in the city.

Check Security At State Capitol

LANSING (AP) — Five House members have been named to a special committee to look into security problems in the Capitol and surrounding state buildings. A rash of minor incidents earlier this month caused State Police to assign a full-time trooper to the Capitol during the remainder of the legislative session which ended last Thursday. Named to the committee were Reps. Raymond Baker, R-Mingtion, Philip Pittenger, R-Lansing, Joyce Symons, D-Allen Park, James Tierney, D-Garden City, and Thomas Brown, R-Lansing.

Food wasn't the only item which they noted had taken price jumps, with hotel room rates, the price of a movie and of gifts to take back home — all bearing price tags showing recent and substantial increases. A certain shoddiness was seen in some consumer goods and a "seller's market" attitude appeared evident. "It reminds me of wartime" a delegate observed.

"While current dollar and cent prices are higher than the depression lows, the purchasing power of farm products, when adjusted to today's 40c dollar, is very little more than in the 1930's," said American Farm Bureau President Charles B. Shuman. He said that 1967 net farm income was down two billion dollars from 1966.

BOSCH BREWING COMPANY HOUGHTON, MICHIGAN

GLADSTONE

MR. AND MRS. R. A. WATSON, 1812 Michigan Ave., announce the engagement of their daughter, Roberta, to David A. Johnson, son of Mr. and Mrs. Earl Johnson, 1228 S. 18th St., Escanaba. The bride-elect is a graduate of Gladstone High School and Northern Michigan University and is now a member of the faculty at Avondale School District, Auburn Heights. Her fiancé, an Escanaba High School graduate, who received his bachelor's degree from Western Michigan University, Kalamazoo, and his master's degree from Northern Michigan State College, Sault Ste. Marie. A summer wedding is being planned.

City Accepts Heating Bid

The City Commission accepted the bid of Great Lakes Plumbing Co. for a gas-burning conversion unit for a building in the Industrial Park at its regular meeting Tuesday night at the City Hall.

The bid of \$1,343 was the only one received. The unit will provide heating for the building to be vacated by Northern Michigan Spiced Vener Co. The building will be used for city equipment storage and a small welding firm which will employ six or seven persons.

A request by Alan Switzer, former city policeman, to have his contributions to the City Employees retirement fund returned was granted subject to final checkin of city equipment.

No bids were received for gasoline and fuel oil and City Manager H. J. Henriksen was asked to readvertise. Bids will

Senior Citizens' Homestead Tax Exemption

Persons eligible for a Senior Citizens' Tax Exemption are reminded that the period for filing for 1968 taxes is from January 1, 1968 to the time of adjustment of the board of review in March.

Persons filing for the first time should bring the deed to their property. Any person owning other property in the state should bring the 1967 tax bill for that property.

J. R. Olson, Assessor

MANISTIQUE

Camp Trip Along Driggs Aids History Project

The river and town of Driggs in northeast Schoolcraft County were named for Frederick E. Driggs, Mrs. William Bender Jr., of Ann Arbor has learned through research by herself and others.

Mrs. Bender's great grandfather, Edmond Driggs was a cousin of Frederick. She first learned of the town in northern Michigan through "Driggs Family History" by H. R. Driggs.

A check of maps failed to show any town carrying her family name, though the Ann Arbor post office had two postmen who remembered there was such a town and mail for it was sent to Seney. In September this year, Mr. and Mrs. Bender combined a vacation with their interest, hoping to find some trace of the town, and its history. They drove to an area between Cousineau and Walsh and set up a camp in the woods, from which they explored the region.

Find Foundations

While at Ed Miller's gas station, they learned he was the last child to grow up in Driggs and that his father, Victor still lived in the house originally built in Driggs. The family moved the house to Seney when the new highway was built.

Driggs, they said had been a collection of railroad houses and a siding on the DM&M railroad. The town was named for a railroad man. Remains of the town, they advised, could be found along M-28, eight miles east of Seney, opposite railroad marker 80.

The Benders followed the instruction and found five foundations, northeast about five yards from the Driggs river road intersection with M-28. The trip also yielded information from Earl Sadler, Seney postmaster who said he had been postmaster at Walsh.

Gladstone News

Briefly Told

Myra E. Lockard, 601 N. 4th Ave., was ticketed by Gladstone police for failure to yield the right of way following a minor accident at 6:55 a. m. today at the intersection of U. S. 2 and 41 and M-35.

William Hall, 21, of Bark River was ticketed by State Police Tuesday for careless driving after his car struck the rear of a car driven by Louis Pokladowski, 43, Bark River. Officers said the accident happened as Hall started to pass Pokladowski about 6 a. m. on U. S. 2 and 41 in Harris Township, Menominee County. Neither driver was injured, officers said. Other summonses were issued to Robert Trichel, Sault Ste. Marie, speeding; James Perrout, Fowlerville, speeding; Richard Adamski, Wurtsmith, Mich., AFS, speeding; and George Paul, Esnig, defective muffler.

According to Housing Administration estimates, the 50-unit structure will use about 14,400 kilowatts monthly. The matter was tabled for further consideration and Henriksen was asked to check averages on utility bills and to break down costs of utilities for further consideration.

Copies of changes in the proposed charter were given to Commissioners and a meeting was scheduled with the Charter Commission and city attorney for Jan. 3 to discuss the complete new charter before publication.

Obituary

EUGENE NEADOW

Funeral services for Eugene Neadow were held Tuesday at 9 a. m. at St. Mary Magdalene Church in Cooks River. James Heben officiated. Pallbearers were: Matt Walters, Charles Reid, Jerome Segerstrom, Russell Middough, Kenneth Carley, and Don Carley. Burial was in Cooks Cemetery under direction of Messier-Broulliere Funeral Home.

Church Events

FIRST BAPTIST

Rev. Ingmar Levin will be guest minister at the 11 a. m. service Dec. 31. Annual reports of chairmen should be submitted by Jan. 8 to Mrs. Paul Olson.

Canadians Ship Less Newsprint

MONTREAL (AP)—Canadian mills shipped 687,241 tons of newsprint during November, 2.4 per cent less than in October and 6.9 per cent below November last year, the Newsprint Association of Canada said Tuesday.

Exports to the United States accounted for 78.7 per cent of all shipments with 544,897 tons, down 2.6 per cent from October and 5.5 per cent from November 1966.

For the first 11 months, worldwide shipments of newsprint were 7,322,002 tons, down 4.2 per cent from the like 1966 period. Exports to the U.S. at 5,764,688 tons declined 4.9 per cent.

Canadian newsprint production during November was 678,373 tons, down 0.9 per cent from October and 5.5 per cent from November 1966. Output for the 11 months was 7,449,051 tons, down 3.9 per cent from the similar 1966 period.

There were nine selling days during the period ended Dec. 20, while there were eight during the same period last year and the first 10 days of this December.
